## EDMONTON PREACHER

### MAKES PLAIN STATEMENTS.

Rev. C. H. Huestis Preached in McDougall Methodist Church Last Evening on Social Obligations.

"Am I my brother's keeper?" was the theme of a sermon by Rev. C. H. Huestis last evening in McDougall church. The sermon was a plea for a larger sense of brotherhood. In closing Mr. Huestis said among other things:

"Now for the practical implication of this question. How are we in Edmonton answering this question? What are the churches doing, saving sinners or only entertaining sinners? Do we recognize our responsibility for the young men and women coming to us from the Christian homes of the east? What are we doing to make this city a clean place to grow in and womanhood in? We clean up the cess-pools of the city, but what about the moral cess-pools? Two young men came here some time ago and earned considerable money. When they went away they had to borrow the price of their tickets. What became of the money? It was taken from them by their hotel keeper, who was sharper at poker than the boys were. Does that concern you and me or not? There is another hotel in this city which, though having a fine-sounding name, is no better than a dive. Whisky is not the worst thing that you find there. People who know could tell you stories of midnight revels held there that are not pleasant. That hotel will ask a renewal of its license on Tuesday. Is that any business of yours or mine? 'Am I my brother's keeper?' Some sixteen men will ask on Tuesday for permission to sell whisky to the men and boys of the city for the next twelve months. How many of these men, think you, have kept the conditions under which their license was granted last May? How many intend keeping them this year? Do you know? Does anybody know? Whose business is it to know? What will the inspector do about it? What will the commissioners do about it?"

"There are many stories that could be told. Do you know, what happened last winter in the city? Some of you do. A number of young men and women were spending the evening together, cards and dancing got late. They looked for more excitement; they got drinking—some of them got drunk. Yes, some of the girls got drunk, too. No, they were not 'common' girls, as you say; they belonged to the 'best families'."

Parents are too careless about their girls. I see more slips of girls, school girls, walking about at night with boys. That is the way a girl loses the bloom of her nature. I wonder what mothers are thinking about? Whose business is it, if not the mother's?"

Let me tell you another story. A gentleman and lady came to this city last winter. They took a flat in one of the city buildings, or rather, a few rooms on a flat. They could not live there; they had to move away. Why? Because of the drunken revels held night after night above and below and beside them. They protested to the owner of the building, but no use. One night an infidel was in progress; it was a secret affair, some young girl was coming out into society, and a fond father was celebrating the event. Well, the place where the whisky was provided was next-room to the sleeping room of these people of whom I have spoken. The men came down there to get their drinks—they made a good deal of noise. The lady could not sleep. There was a little child too, and his slumber was disturbed. The man went out and protested to the clerk who had charge of the building. "The thing must stop," "Oh," said the clerk, "it couldn't stop anything. Why, it is one of the best families. The father of the girl is one of the leading men of the city." Is that the sort of men to make a city out of? Are you interested in this? Or is it none of your business? 'Am I my brother's keeper?' Is this the sort of

society I want my brother, my sister to be invited into?

"And you can't get away from the thing. Some people who went last summer to a resort not far from the city came back disgusted. They went out for quiet and rest—for recreation in the best sense of the word. But they couldn't sleep at night. Why? Because of midnight revels on the part of some of the people there. No, I was not there, and this is hearsay evidence; some of you could tell the story better."

"Well, what about it? This much: You are your brother's keeper. You are responsible for the young men and women who come to Edmonton. If they are invited to homes that are vicious, they will probably go there, for young people love company. Why not ask them to your homes? Why not make the road easier for them? Why not try what can be done to clean up some of the moral cess-pools of the city? You can do so if you only will. Perhaps those in authority need backing up, most of us are the better for a moral boost once in a while. We'll let us back them up. A new chief of police has been appointed; he is well spoken of, but the hotel people do not like the appointment. We have heard a good deal about a 'local man.' We do not want a local man. A local man has friends and affinities; he is probably 'in with' the hotel men. If the new man is what he is reported to be, let us help him to do it. If need be we might organize a citizens' committee to see that the laws are carried out."

It is high time for the churches and the church members to get to work at the business they ought to do. Let us take the advice of Ruskin, that great prophet of modern times and "Give up our carabattled hydrogen ghost of religion—an one healthy exhalation, and look after business at the door step!" He may be a rugged Larrus, and he may not be, but he needs my care and yours, for I am my brother's keeper."

## THE RUSSIAN FLEET.

### STILL IN FRENCH WATERS.

Russian Admiral Promised to Leave on May 3rd, but Had Not Done So Five Days Later.

Tokio, May 15th.—According to a French report Rojestrensky promised the French Admiral he would leave Honkoku on May 3rd. However the whole Russian fleet was anchored there on May 8th and the latest reports from Indo China show that seven Russian battleships, seven cruisers and four converted cruisers were there on 12th May. A tremendous supply fleet for the Russians is anchored at Saigon, also.

## FRANCE SUSPECTS JAPAN

Paris, May 15th.—The popular outburst at Tokio against France leads to the settled conviction here that Japan has territorial ambitions in Indo China which the French must sooner or later defend.

## MAYDAY QUIET

St. Petersburg, May 15th.—The much heralded Mayday in Russia passed off quietly and up to Monday morning no serious tumults or casualties have been reported.

## The Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, or 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land

owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Classes 2, 3 or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law, is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba, or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands, in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Land Agents in Manitoba or the Northwest Territories.

Deputy Minister of the Interior,

GOOD AGENTS FOR THE Oliver Typewriter

IN ALL UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

## HAD DECORATION MARCH-OUT.

Anniversary of Batoche Celebrated  
by Placing Flowers on the Graves  
of the Heroic Dead

Winnipeg, May 15th—The Winnipeg garrison this afternoon turned out 600 strong on the annual decoration marchout to St. Johns cemetery where those who died in the '85 rebellion were buried. Canon Murray delivered an address to the troops on the anniversary of the fall of Batoche and the duty of keeping green the memory of those who fell in the campaign. The day was remarkably warm and four men of the R.C.M.R. one veteran and several of the 20th men fell in the ranks during the service, overcome by heat or the tightness of the accoutrements.

Rev. C. W. Gordon preached tonight the second of his series on "Perils of City Life." A huge crowd assembled in his church, St. Stephens, in anticipation of hearing another sensational sermon, but beyond talking on the merits and demerits of billiards and Sunday cars and such like Ralph Connor did not go in very strong. He related one extraordinary story told him by a woman that she could count the respectable families of Winnipeg society on her fingers. Several other preachers arranged their flocks with revivalistic fervor.

THE planter from whom I buy my tobacco in Cuba are the most expert tobacco growers in the world. They keep the plant ripped back carefully—free from suckers and only leaves enough on the plant for it to properly mature and nourish.

In this way the good of the tobacco—the proper qualities to make it excellent smoking, are evenly distributed all through the plant. Thus the leaf I secure for my Pharaoh filler is perfect—an even smoker—palatable and delicately odorless.

## ASTONISHED THE DOCTOR.

Mrs. Eaton Recovering. Although Her  
Physician said She Might Drop Dead  
at any time.

Mrs. ROBERT EATON.

"The Doctor told me I had heart disease and was liable to drop on the street at any time," says Mrs. Robert Eaton, of Dufferin, Ont.

"My trouble began four years ago with a weak heart. I was often afraid to draw my breath, it pained me. I was bothered with nervousness, shortness of breath, dimness, loss of appetite, smothering and sinking spells, and I could not sleep."

"Sometimes a great weakness would seize me and I would have to lie down to keep from falling. My hands and feet would seem to go to sleep and a sort of numbness would come all over me and I would immediately after the blood would rush to my head and a series of hot flashes would envelop me."

"I took all kinds of medicines, but kept gradually growing worse until about eight weeks ago, when I began using Dr. Leonard's Anti-Pill. From the start I improved until now my appetite has returned, I can sleep well, and have no nervousness, dimness, palpitation, faintness or any of my other troubles. They have all entirely disappeared. I feel much stronger, look better, and altogether Anti-Pill has made a new woman of me."

"I am entirely cured and cannot say too much for this wonderful remedy. I would most heartily recommend Anti-Pill to anyone suffering as I did."

The U.S. excels all of the five other Separators in the competition, but we refer to one only in this space, viz: one "would-be competitor."

U.S. excels DeLaval, . . . . .015

This shows that the DeLaval separator left 41 per cent. more butter fat in the skimmed milk than the U.S.

These Tests substantiate former reports, and are continued proofs that The U.S. is the Most Thorough Skimmer on Earth.

For Manitoba and the West we transfer our Separators from Chicago and Minneapolis, and for the Eastern Provinces from Quebec, Sherbrooke, Montreal, and Hamilton. Write for catalogue to

## Spring Trousers

Dame Fashion says "Tweeds for Trousers" this spring.

Pronounced patterns, too—broad shaded stripes and finely marked pin stripes. Grays and gray effects are ultra proper.

Fit-Reform Trousers are poems in cloth. Snug and easy at the hips—just the right "hang" at the knees—just the right "set" at the ankles.

Beautiful English Tweeds, woven exclusively for Fit-Reform.  
Some elegant West of England Worsteds to go with frock coats.

\$3.50 to \$7.50.

Fit-Reform

Only one Fit-Reform Wardrobe in this city—

J. H. Morris & Co., Edmonton.
